

Jawaharlal Nehru Govt. Engineering College Sundernagar, Mandi (H.P.)

Course Name: Energy and Environment Course Code: EVS-111

Scheme: CBCS Branch: CSE(AI & ML) Semester: 1st

Question Paper for 2nd Periodical Examinations (November, 2023)

Time: Two Hours

Max. Marks: 50

Note: First question is compulsory. Attempt any four questions from question no. 2 to 6

Course Outcomes:

CO-1 Understand the structure and function of ecosystem and role of international conventions on climate change.

CO-2 Summarize various global environmental issues.

CO-3 Critically analyse causes, consequences and control measures for environmental pollution.

CO-4 Justify the conservation of natural resources for sustainable development.

CO-5 Critically understand the meaning and principles of disaster management, disaster risk reduction and develop knowledge on causes, effect and mitigation strategies of various disasters.

CO-6 Establish a conceptual understanding of hazard, risk, vulnerability, disaster and national policy on disaster management.

Q1. Answer the following questions

- | | |
|--|----------------|
| a. Define solar flare. | CO(5) |
| b. Name three rivers in India which are frequently affected by floods. | CO(3,5) |
| c. What are fire disasters? | CO(2) |
| d. What is meant by deforestation? | CO(3) |
| e. List the health effects of air pollution. | CO(6) |
| f. What is thermal pollution? | CO(2) |
| g. Define landslides. | CO(2,5) |
| h. Define disaster planning. | CO(5,6) |
| i. What are relief camps? | CO(5,6) |
| j. Define pollution and pollutants. | CO(2,3) (1×10) |

Q2. How can an individual play a role in conserving the natural resources? CO(4,5) (10)

Q3. Describe the global pattern of water use across different sectors? CO(2,5) (10)

Q4. What are the alternate energy resources? Discuss the energy scenario in Indian context. CO(4) (10)

Q5. What are different ways to reduce carbon dioxide and methane emissions in the environment? CO(4,6) (10)

Q6. What are different types of forest fires? Explain each one briefly. CO(5,6) (10)

(Ajay Kumar)
