SIE-511 (Start-Up, Innovation and Entrepreneurship)
B.Tech-5th NEP (Common for EE, ME, CSE, CSE(AI&DS), ECE, EEE)

Time : 3 Hours

Max. Marks : 50

Note : The candidates shall limit their answers precisely within the answer-book (40 pages) issued to them and no supplementary/continuation sheet will be issued.

Note : Attempt five questions in all, select one question each from Section A, B, C, D. Section E (Question 9) is compulsory.

SECTION A

1. (a) Discuss the role of entrepreneurs in economic development, and their readiness. Link this to employment, innovation, and regional balance. **(5)**
(b) Explain Clarence Danhof's classification of entrepreneurs (or any similar accepted classification) with examples. **(5)**

OR

2. You are mentoring a women-led handicrafted wool accessories venture in Chamba.
(a) Using a characteristics framework, assess the founder's readiness. Propose five targeted capability-building steps. **(5)**
(b) Evaluate cultural and social factors unique to the region that can both hinder and help growth, and how each factor can be leveraged. **(5)**

SECTION B

3. (a) A small herbal-products firm needs ₹40 lakh for plant and machinery and ₹10 lakh for working capital. Propose a financing plan combining a term loan, a working-capital limit, and a suitable guarantee/credit support. Name the most relevant institutions to visit. **(5)**
(b) Draft a one-page action checklist with offices to visit, documents to carry, and timelines to secure support from DIC, NSIC or SIDBI. **(5)**

OR

4. (a) Describe the objectives and key functions of NIESBUD and KVIC in entrepreneurship development. **(5)**
(b) Explain the logic of subsidies to MSMEs. State two problems or distortions that may arise if subsidies are misdirected. **(5)**

SECTION C

5. (a) Define MSME 'micro', 'small' and 'medium' in principle, and state how this classification affects access to schemes. **(5)**
(b) Explain the idea and workflow of a Single Window System for enterprise approvals. **(5)**

OR

6. An IIT graduate is building a startup cold-chain device for the India Hub.
(a) Show how the founder can combine the Start-up India Hub, incubation support, and a research park to speed up commercialisation. Provide five concrete steps. **(5)**

SECTION D

7. Your committee is reviewing a stressed textile micro-unit.

(a) Diagnose sickness using five financial and operational indicators. Specify the data you will examine for each. **(5)**

(b) If resolution under the Insolvency and Bankruptcy Code (IBC) is chosen, outline the sequence from admission to plan approval. Mention the roles of Insolvency Professionals (IPs). **(5)**

OR

8. (a) Using the Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE), and any relevant seed capital assistance scheme, design a funding path for pilot production and risk cover at a high level. **(5)**

(b) List and explain five components of a market feasibility study. **(5)**

SECTION E

(Compulsory — answer any five, each carries 2 marks)

9. (1) Define entrepreneur vs. manager in one line each.

(2) List two recent initiatives that improve startups' access to credit.

(3) Define seed capital assistance.

(4) State any two functions of NSIC.

(5) State two eligibility criteria typically used for startup recognition.

(6) State two benefits of locating in an industrial estate.

(7) List two documents required for basic enterprise registration.

(8) State two common procurement risks for small units.

(9) State two aims of the IBBI. **(5×2=10)**

Transcribed from a photograph of the original answer/question booklet. A few numeric values, table entries and one section could not be fully verified due to image quality (angle/blur/overlap with adjacent papers) — please cross-check against your original copy. This paper's Section D/E numbering and a couple of scenario prompts were reconstructed from partially legible, angled photos — please verify carefully against your original before relying on it.
